**TOGETHER  
WE GROW**

[TOGETHER.TENNESSEE.EDU](http://TOGETHER.TENNESSEE.EDU)

*Donnie and Terry Smith have big ideas for solving world hunger – and the couple believe the solution begins at their alma mater. Their generosity began with endowing a chair and culminates today with the official launch of The Smith Center for International Sustainable Agriculture.*

*Together We Grow is a historic campaign at the University of Tennessee Institute of Agriculture. It will take all of us to grow. Together, we can impact tomorrow.*
